

## Master's Program in "Neural Systems and Computation" Learning Agreement

**Student Name and ID:**

**Mentor's Name:**

This agreement must be signed by yourself and your mentor at the start of your studies (during the first semester).

**Mandatory additional requirements:** ("Auflagen", note: these courses' ECTS do not count towards the degree)

Number	Module's name	Semester	Grade P/F	ECTS

**Core Modules (9 ECTS, all mandatory):**

Number	Module's name	Semester	Grade P/F	ECTS
INI502	Basics of instrumentation, measurement and analysis			
INI431	Readings in neuroinformatics			
INI702	Journal club			

**Elective Core Modules (18 ECTS, see <https://www.nsc.uzh.ch/en/Program/Elective-Core-Modules.html>):**

Number	Module's name	Semester	Grade P/F	ECTS
<b>Systems Neuroscience</b>				
<b>Neural Computation and Theoretical Neuroscience</b>				
<b>Neurotechnologies and Neuromorphic Engineering</b>				

**Elective Modules: (18 ECTS required, can include additional Elective Core Modules) If not listed on the webpage, the elective modules need to be approved by the NSC coordinator (D. Kiper).**

Number	Module's name	Semester	Grade P/F	ECTS

**Short Projects and Master's thesis**

	Semester	Grade P/F	ECTS
Short project I:			
Short project II:			
Master's thesis:			

Date:

Student's signature:

Mentor's signature:

Please provide a copy of the signed agreement to the NSC administration in the first semester.
